

**PRODUCERS OF QUALITY COMPOST, BIOLOGICAL
FERTILISER**

17th April 2024

Freshcare Approved Supplier Acknowledgement

Wormtech acknowledge the requirements of Freshcare Food Safety & Quality Standard and agree to:

- Provide fertilisers & soil additives appropriate for the use required.
- Be approved in accordance with the relevant legislative/regulatory requirements.
- Produce products which can be used as an input for Organic Food & Fibre Production – Southern Cross Organics Allowed Input Cert No.20144.
- Provide products that are packaged accordingly and adequately labelled.
- Advise if we are aware that product contains or has been in contact with known allergens.
- Ensure fertiliser or soil additive is mixed to correct specifications and is of good quality, free flowing and dry (if solid).
- Ensure fertilisers and soil additives meet legal requirements for heavy metals.
- Use approved certified treatment process – can provide evidence of certification to AS4454-2012 that follow a documented, verified treatment process (AS4454-2012 or other equivalent time/temperature treatments) – details of the treatment process and a Certificate of Analysis for each batch of product supplied to verify the treatment process achieves *E. coli* <100 cfu/g, *Salmonella* Not Detected/25g.
- Ensure packaging (where applicable) is intact and there is no leakage or possibility of contamination.
- If entering site, abide by food safety instructions when handling produce or entering growing, storage and packing areas.
